

FHSART (April 6th - April 10th)

WEEK 3: CREATIVE IMAGING

DISTANCE LEARNING

We worked hard to ensure that the Learning Plan provides accessibility for all learners. We hope that you see that there are options to engage learners at all levels. *These activities are not intended to replace the normal school day.* **There is now an expectation for students to turn these documents in to your specific educators.** We want you to take time to enjoy family, be safe, stay healthy and find time within this week to engage in learning opportunities. Feel free to create a schedule that works for you and your family. We strongly encourage each student to participate in approximately two hours a day. We want your brain working and challenging yourself, while staying safe and having fun.

THIS WEEKS PROMPTS:

Option 1:

1. Check out inspiration links below.
2. Using any of the links in *Museums, Virtual Tours, Magazines, & additional Art Websites (table below)* find and choose a painting (*save image or screen shot artwork and be sure to also get the artist's name and title of the work*).
3. Recreate that image using any objects you can find (indoors or outdoors), stuffed animals, props (be creative here!), live models (pets are ok if they cooperate).
4. Take a photo of your recreation. Attach both the original art work and your recreation to google classroom. On a google doc add the title of original artwork and artist's name.
