

Introduction to Psychology

Week 4

We worked hard to ensure that the Learning Plan provides accessibility for all learners. We hope that you see that there are options to engage learners at all levels. *These activities are not intended to replace the normal school day.* There is now an expectation for students to turn these documents in to your specific educators. We want you to take time to enjoy family, be safe, stay healthy and find time within this week to engage in learning opportunities. Feel free to create a schedule that works for you and your family. We strongly encourage each student to participate in approximately two hours a day. We want your brain working and challenging yourself, while staying safe and having fun.

Submit your work in the Google Classroom. Either add it to this document or add a new document with your responses as an attachment to the assignment.

Learning Activities

1. Mean Girls and COVID 19

- Choose three characters from Mean Girls and describe how you think they would deal with our current climate.
- What principles of Psychology would they be exhibiting?
- Examples are a case study, journal, twitter post

(Your response here)

- #### 2. Psychology and the Media:
- Watch two different media outlets and create a list of positive and negative mindsets portrayed. Examples are advice to exercise , learn a new skill, death tolls, and financial ruin.
